Publication of signed contributions does not signify adoption of the views expressed by the Review or its Editors collectively.

"My keenest interest is excited, not by what are called great questions and great cases, but by little decisions which the common run of selectors would pass by because they did not deal with the Constitution or a telephone company, yet which have in them the germ of some wider theory, and therefore of some profound interstitial change in the very tissue of the law."—Oliver Wendell Holmes, Collected Legal Papers 269 (1920).
